About Complaint Numbers:

The Office of Civil Rights gives each complaint an identification number when it is received. Each number has three parts separated by hyphens: the first part indicates the order in which the complaint was received that year (e.g., the first complaint received each year is number 1) and whether the complaint was based on race (R), national origin (N), sex (S), or disability (D) - the second part indicates the year (e.g., '01) - and the third part indicates the EPA region in which the complaint is located. (Ex., complaint number 3R-00-R4 was the third complaint that OCR received in 2000, it was based on race, and it originated in EPA region 4.) For purposes of this table, the term “disability” has the same meaning as “handicap” and “handicapped person,” which are used in EPA’s regulations found at 40 C.F.R. Part 7 (see also Section 504 of the Rehabilitation Act of 1973).

Explanation of Status:

Accepted (for investigation)	Complaints which met the regulatory requirements for an investigation (40 C.F.R. Part 7) and were accepted for investigation.
Under Review (for possible investigation)	Complaints received by EPA, but for which no decision has yet been made to either reject, accept for investigation, or refer to another federal agency.
Informally Resolved (after acceptance for investigation)	Complaints which have reached a documented resolution by informal voluntary negotiations, including Alternative Dispute Resolution (ADR).

Accepted (for investigation)	Complaints which met the regulatory requirements for an investigation (40 C.F.R. Part 7) and were accepted for investigation.
Rejected (for investigation)	Complaints received by EPA, but not accepted for investigation because they did not meet the regulatory requirements (40 C.F.R. Part 7) (e.g., no recipient of EPA financial assistance; complaint filed more than 180 days after the alleged discriminatory act).
Dismissed (after acceptance for investigation)	Complaints accepted for investigation, but later dismissed and the file closed.
Suspended	Complaints received by EPA that are currently in litigation concerning matters related to their Title VI complaint.
Referred	Complaint received by EPA, but referred to another federal agency because that agency is the grantor or has subject matter jurisdiction.
